

SCHOOL CHILDREN
GIVE PROGRAMS

(Continued from Page 1.)
Gertrude Brown, Helen Blount, Clara Tranger.
In the second A and third B class original dramatization of "Thanksgiving" was given by the pupils.
In the fifth grade of the same school "Make Believe" was dramatized by Margaret Curtis, Elizabeth Bridges, Irene Buchholz, Betty Hamersson, Doreen Skedee.
"And the Trump" was given by Harold Gower and Agnes Staden.
The Garfield school gave the history of the Pilgrims. Those who took parts were Werner Swanky, Marjorie Venable, Silvester Kahn, Corinne Phillips, and Lucy Talbot. Six boys gave quotations of what we have to be thankful for.

Salute the
Ham and--

Think of All the Misguided
Dyspeptics Who Refuse to Eat
Good Things to Eat for
Fear of Indigestion. No
Trouble Like That if
you Follow Meals
With Stuart's Dys-
pepsia Tablets

Lay a slice of broiled ham on a
white plate with a couple of nicely

fried eggs and there you have a
picture. Salute the autocat of the
breakfast table.

But, you say, I can't eat ham and--
they don't agree. This is the
sort of prejudice a host of people
have against many of the most
tempting dishes, people who have
just as much trouble with a glass of
milk or oatmeal as they do with
fried onions. Try eating what you
like and follow your meal with a
Stuart's Dyspepsia Tablet to relieve
possible gasiness, rumblings, drow-
siness, sour risings, heartburn,
water brash, and the "stuffy" feel-
ing after eating. These Tablets con-
tain harmless ingredients that act
with an alkaline effect just as the
stomach does when it is perfectly
normal.

Many physicians prescribe them
for indigestion, dyspepsia and other
digestive disorders as they are sold
in all drug stores everywhere in the
United States and Canada. The
druggist recommends them as
among his steady staples for they
really give relief and are highly ap-
preciated.

BILIOUSNESS
Caused by
Acid-Stomach

If people who are bilious are treated accord-
ing to local symptoms they seldom get very
much better. Water-cure relief is obtained in
usually temporary. True biliousness is its
source and must be removed if the patient
is to remain strong and healthy.

Doctors say that more than 70 non-organic
diseases can be traced to an Acid-Stomach.
Biliousness is an irritative condition, heart-
burn, belching, sour stomach, bloating and gas
are other signs of acid-stomach. EATONIC,
the marvelous intestine stomach remedy,
brings quick relief from these stomach mis-
eries which lead to a long train of ailments
and make life miserable if not corrected.

EATONIC literally absorbs and carries
away the excess acid. Makes the stomach
strong, cool and comfortable. Helps diges-
tion. Improves the appetite and you then get
full strength from your food. Understand
that EATONIC is the most effective stomach
remedy in the world. It is the help YOU
need. Try it on our money-back-guarantee
guarantee. At all druggists. Only 50c
for a big box.

IKE AND MIKE PUT ON
BOXING BOUT AT FAIR

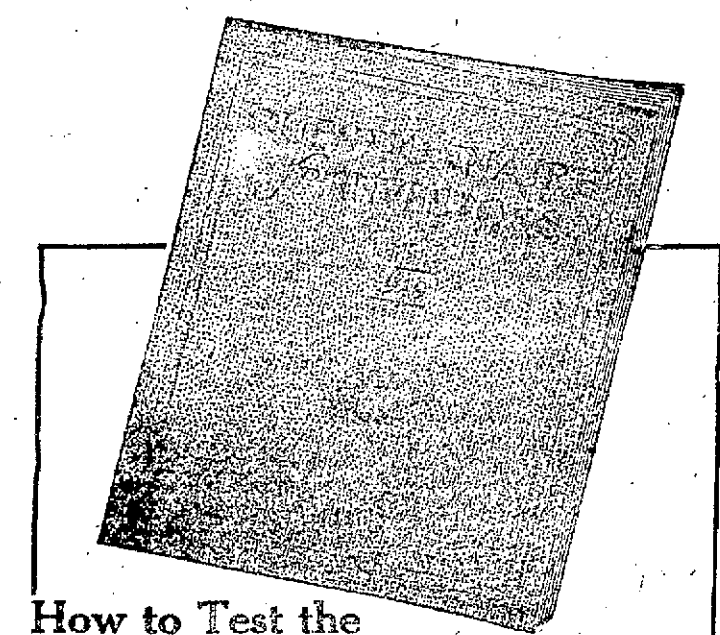

Ike and Mike put on a real fight
last evening when they boxed at St.
Mary's church bazaar. James and
Arthur Walsh, the 6-year old twin
sons of Mr. and Mrs. Arthur Walsh,
404 Milton avenue, were Ike and
Mike. In the fifth round Mike
knocked out Ike. Referee Robert,
Seconds Hallett and Doran, and
Timekeeper Father Charles Olson
added to the bill making it a real
boxing match. Each round lasted
one minute. This act was by far
the most popular of those presented
on the program.

After the boxing bout a program
was put on in which the children of
St. Mary's school took active parts.
The basement of the church was
filled. Frank Croak and Val Weber
insisted upon presiding at the dolls'
booth last evening, so their wish
was granted. They made great
progress with the crowd and dis-
played the art of salesmanship in
many sales, disposing entirely of
their doll fairly.

Little John Pettit won the for-
sure live Shetland pony and Mrs.
John Joyce got a Thanksgiving
goose. One hundred pounds of
flour went to Mrs. Murphy.
Rev. Charles Olson said today
that the bazaar was successful from
every standpoint. As yet the pro-
ceeds from the sale have not been
made up, but it is expected that a
good sum will be turned into the
school improvement fund.

A buffet lunch was served each af-
ternoon and evening of the bazaar.
Miss Agnes Croak, assisted by a
capable committee, directed the
work of the bazaar.

Canning Factory to Open.
Manitowoc, Wis., Nov. 26.—A Chris-
tianson, formerly of LaSalle, Minn.,
will start a canning factory at Reedsville.
All arrangements for the
building of the plant, which will be
moderately equipped throughout, have
been completed, and the company
will be ready for business next sea-
son.

How to Test the
Safety of any Investment

Every investor should obtain and study the "Question-
naire for Investors."

In this time of peace and readjustment there are three
purposes for which the prudent and far-sighted in-
vestor should use it as a guide:

- (1) To assist in selecting the most desirable
investment for funds now available.
- (2) To obtain valuable information for fu-
ture reference.
- (3) To test the stability of investments made
in the past.

It may save you many dollars to read this free booklet
before placing your funds.

While our supply lasts, copy of the Questionnaire will be mailed
without obligation on receipt of application. In order to aid us
to give you the most intelligent service, write for this invaluable

ROOSEVELT DRIVE
AGAIN EXTENDED

The campaign to raise \$2,100 in
Rock county for the Roosevelt Mem-
orial fund will continue until the
entire amount is subscribed. Approx-
imately \$1,100 has been raised to
date.

The request to continue receiving
subscriptions was received by Judge
H. L. Maxfield, county chairman, to-
day from Thomas J. Mahon, Mil-
waukee, state campaign director.

In his letter Mr. Mahon ac-
knowledges the receipt of \$221.80
from the county campaign treasur-
er, Frank Sutherland, and thanks the
committee for its "accomplishments
in overcoming great difficulties."
The sum of \$221.80 raised through
subscriptions received at the Ga-
zette was turned over to Judge Max-
field yesterday afternoon. This is
in addition to the \$221.80 already
sent into headquarters.

BANKER ADDRESSES
LOCAL ROTARIANS

The functions of a bank were de-
scribed by S. M. Smith, cashier of
the Merchants and Savings bank in
an interesting talk to the Rotary
club at the weekly luncheon today.
He briefly traced the beginning of
banking back in the early days of
"money changers" up to the present
time, explaining the relation of
banks to the commerce of today.
He expounded the foreign exchange
rate and answered queries on a num-
ber of angles to the banking situa-
tion.

SOCIAL EVENTS

marriage of Miss Rose Gibbs, daughter of Mr. and Mrs. Peter Gibbs, 271 South Jackson street, and George A. Porter, son of Mr. and Mrs. Porter, took place at 7:30 this morning at St. Patrick's church. Father Francis H. Wittenmann officiated. The bride was attended by her sister, Miss Frances Gibbs, and the groom by Fred Gibbs. A 9 o'clock wedding breakfast of four courses was served at the home of the bride, at which 20 guests were entertained. The decorations were in pink and white. Mr. and Mrs. Porter left on a short wedding journey and later will be at home to their friends at 171 Terrace street.

Mrs. Neel Dapp, 413 Galena street, gave a company Thursday evening. Miss Madeline Kelly, who will marry on Thanksgiving day to Walter De Kaib, Ill., was the guest of honor. Eight of her girl friends were invited. The prize was a silver vase. The party was given by Miss Agnes Duffey, De Kaib. A three course lunch was served at 10 o'clock. The home and table were decorated with yellow chrysanthemums.

Among the Janesville people who will give small family dinners Thanksgiving are: Mr. and Mrs. Arthur Granger, Court street; Mr. and Mrs. A. P. Alter, Milwaukee avenue; Mr. and Mrs. F. Werten-dyke, South Third street; Mr. and Mrs. Richard Valentine, South Second street; and Mr. and Mrs. C. S. and Mrs. Henry Brazzell, 155 High street, who entertain at 8 o'clock on Thanksgiving. Covers will be laid for eight.

Mr. and Mrs. A. C. Campbell, 320 Rock street will give a Thanksgiving dinner at their home. Twelve relatives will be their guests.

Mrs. L. B. Reynolds, Academy street will entertain ten guests at a family dinner Thursday.

Miss Ruth Black was hostess Tuesday evening to the Sammie Sisters. They met at Janesville Center. It was a social affair. A lunch was served.

Mr. and Mrs. William Griffen, 632 South Main street, entertained Sunday at a dinner in honor of Mr. Griffen's birthday. The guests who enjoyed the day were Mr. and Mrs. John Van Dusen and family of Beloit, Mrs. C. H. Griffen, Miss Bessie Griffen, Afton, and John Fisher, Evansville.

James Hevey, 814 Hyatt street, gave a stag party Tuesday evening. Eight of his friends were invited to a wild goose dinner. In the evening at cards, the prizes were won by Dr. B. Loofboro and Harry Sheldon. The day proved to be Mr. Hevey's birthday in honor of which he was presented with a pipe by his friends.

Mr. and Mrs. J. H. Gateley, 1215 Elizabeth street, are quietly celebrating their 40th wedding anniversary today at their home.

TUESDAY, NOVEMBER 25, 1919.
The Gazette Stands Ready to Support all Endeavor to Make Janesville and Vicinity a Bigger and Better Community.

LET US GIVE THANKS.
So much have Americans to be thankful for this year—as every year, in truth—that overflowing congregations in all churches tomorrow morning should be the response to the president's call to the people to "unite in their homes and in their several places of worship in ascribing praise and thanksgiving to God the Author of all blessings and the Master of our destinies."

Thanksgiving day has again regained its old-time meaning. Before the war it was not worth while opening some of the churches for services on that day, for the number of worshippers would be meager. But the coming of peace has wrought a striking change in the public spirit.

Events of the turbulent year now drawing to a close should teach us, if anything, to turn to God for guidance and with thanks for the safeguarding of our liberty and freedom as a nation despite insidious attempts to overthrow them and raise the red banner of anarchy in their stead.

It is an unsettled year filled with uncertainties through which we are passing, but let us give thanks that in all our trials and vicissitudes we continue to enjoy blessings for which 150,000,000 souls in one anarchy-torn country of the Old World are praying, and which for them seem so far off.

We have liberty and peace and can enjoy these in prosperity.
For that let us be thankful.

THE ASSET OF CHARACTER.

It is good for the maintenance of morals to be reminded from time to time by the world's great men in what esteem they hold character. The late J. P. Morgan drew attention to the subject several years ago, in testifying before the congressional committee investigating the so-called "money trust," when he said he would rather lend a large sum of money to a man of unimpeachable character on his bare promise to return it than to one of doubtful character, regardless of what security the latter might give for repayment. That was a striking testimonial to the value successful business men place on character.

Now comes President Wilson with a somewhat similar tribute. Disapproving the sentence of dismissal from the army imposed by a court martial on an officer of long and honorable service who had been found guilty of some infraction of military regulations, the president says he has taken this action "in order that he and others may realize how valuable an asset reputation and established character are."

Too often, it is to be feared, men ask themselves if an upright life is appreciated. They have been taught that "a good name is rather to be chosen than great riches" and that "he who steals my purse steals trash; but he that fishes from me my good name robs me of that which not enriches him and makes me poor indeed." But they see rogues prospering, and persons notorious for dishonorable practices apparently held in respect. And the question arises if probity commands the esteem to which it is entitled.

It takes an incident like this of the army officer to drive away the clouds of suspicion and clearly reveal that character is always a potential asset of incalculable value. The occasion may not arise in which a reputation for integrity will bring material reward. But, like fire insurance, it stands ready in a crisis to come to the aid of him who possesses it.

WHAT WAR COSTS.

Those who prefer to measure the cost of wars by the expenditure of cash and the value of property destroyed will be interested in the report of the Carnegie endowment for international peace, just issued, which places the world aggregate at \$237,000,000,000.

Few will not be stunned by the brutality of the figures which show that the economic loss by the killing of 9,998,771 men was the largest single cost item of the war—\$23,551,276,230. This total is arrived at through the accepted standards of the value of human life in the various countries contributing to this sickening death toll. The loss on land property was the next item in point of size and importance, reaching a total of \$29,950,000,000, while, after all that was said of the enormous losses on shipping, the value of property destroyed at sea was the lowest of the three main items, amounting to \$5,500,000,000.

It may be surprising also to some that the country which suffered the most severely in the loss of human life was Russia, which had 4,000,000 killed, credited with an economic value of \$8,000,000,000. Germany was second and France third.

OCTOBER EXPORTS GAIN WHILE IMPORTS FALL OFF.

American exports in October, 1919, were valued at \$632,000,000, a gain of \$35,000,000 over September and of \$130,000,000 over October of the previous year, according to a statement issued today by the bureau of foreign and domestic commerce, department of commerce. Exports for the 10 months ended with October are placed at \$6,501,000,000, an increase of \$1,440,000,000 as compared with the corresponding period of 1918.

October imports totaled \$415,000,000, a falling off of \$20,000,000 from the high mark of September, but an increase of \$160,000,000 over October of last year. For the 10 months ended with October, imports amounted to \$3,113,000,000, a gain of \$643,000,000 over the similar period of last year. This figure for the first 10 months of the current calendar year is higher than that recorded for any previous full calendar year.

THANKSGIVING.
For the laughter of our children and the courage of our youth,
For our land of peace and plenty and her Starry Flag of truth,
For the sunshine on the hillsides and the fields of golden grain
And for all His gracious kindness, now we offer thanks again.

For the bounty of His giving and the richness of His years,
For the strength that has sustained us through the nighttime of our tears,
For His blessing on our labor and His ever watchful care,
Now we turn from selfish living to make this a time of prayer.

For His presence at each bedside where the sick and wounded lie,
For the peace and rest of heaven that are theirs He calls to die.

For the glory of the living and the triumph of the dead
And the splendor of our nation, now our grateful prayers are said.

Somehow when you note how Berger hands himself all those "golden crowns," you cannot help smiling at the idea of his being oppressed and downtrodden. Even District Attorney Zabel laughs and quits the party.—Eau Claire Leader.

District Attorney Zabel of Milwaukee, who was elected on the socialist ticket, is against Victor Berger for member of congress. No real American could take any other position. Berger has not only no right in congress, but he ought to be deprived of his American citizenship. FARMER BOYS BURN LARGE STRAW STACK

Two farmer boys, one 16 and the other 15, admitted setting fire to a 10-ton straw stack when brought up in municipal court today on incendiary charges. Judge H. L. Maxwell, taking into consideration the age of the boys, released them on probation for a period of six months, warning them that a violation would result in a sentence to Green Bay reformatory.
The stack which was burned was on the property of Ole T. Rynning in the town of Plymouth. The boys live on farms near Brodhead. They confessed to touching a match to the straw while smoking cigars near it. The judge lectured them with a warning to stop smoking and live clean and manly lives in the future.

RUNAWAY BELOIT GIRLS SOUGHT HERE

Two runaway girls from Beloit were being sought by police here today as the result of a telephone call from Chief Charles Qualman of the Gateway City last night. He believed that the girls may have been lured to Janesville by the news of the city's prosperity.
They left their homes without the consent or knowledge of their parents. The two are Opal McMillan, 18, and Edna Bordner, 16. Both are fairly well dressed and neat in appearance. The former girl has bobbed hair and wore a black velvet hat and a coat trimmed with similar material which she last seen. The Bordner girl was outfitted in a black plush coat and wore no hat.

NAMES OF INCOME TAX PAYERS ARE POSTED

More than 900 names of Janesville residents who have filed income tax returns in the office of the collector of internal revenue covering the preceding taxable year were today posted in the lobby of the postoffice. This is a new feature of the individual tax legislation and is the first time provision has been made for giving publicity to the names of those who filed income tax returns. This new provision of law makes it possible for all persons to secure information as to the names and individuals of all who have filed such returns.

Cash and Carry

I will deliver no more
Groceries. From now on I
will do a cash and carry
business only.

There were several rea-
sons necessitating this
move on my part. We gave
our customers the best
service the Delivery Sys-
tem was able to give and
although at times it was
unsatisfactory we made
the best of it. With help
very scarce and the high
prices of everything they
no doubt gave the best they
could under the circum-
stances, but with the last
raise in price they asked I
decided to discontinue de-
livering and go on a Cash
and Carry plan.

I wish to take this oppor-
tunity to thank all my cus-

DU PONT HEAD ASKS
CITIZENS' HELP IN
HOUSING NEWCOMERS

An urgent appeal to all residents of
Janesville to cooperate to the utmost
in providing housing accommodations
for newcomers to the city was made
today by A. Urquhart, manager of
the service department of the Janes-
ville branch of the Du Pont Engi-
neering company. He points out the
fact that many men, some with fam-
ilies, are forced to abandon plans for
coming to this city because of inabil-
ity to secure a place in which to
live.

"There are a great many men com-
ing here who are anxious to bring
their families and become perma-
nent citizens, but they are sadly
handicapped because of the fact that
there are but few homes for rent,"
said Mr. Urquhart.
"Perhaps there are many families
in the city who hesitate to offer their
rooms for rent with the mistaken
idea that it will be invading the priv-
acy of their home. Doubtless some
of these people, while they would
hesitate to advertise the fact that
they could rent rooms to men of
good character, would not have the
same feeling if they could deal with
some central body which would take
it upon itself to look after their in-
terests as well as the interests of
those who are seeking homes and
rooming places.

"For this reason we have opened
a service branch at the Du Pont of-
fice for the securing of homes,
rooms and apartments for men of
good character who are coming into
the plant. Every family brought
here means that much for the uplift
and progress of Janesville.
"I shall consider it a personal favor
if any one of the citizens who will
never the old order of things and
for the good of the city offer their
rooms and apartments to this plant
for the benefit of these new arriv-
als."

Mr. Urquhart asks people who will
cooperate in the matter to commu-
nicate with him, listing anything
which can be offered for rent.

RAILROAD MAN GAINS 23 POUNDS

Before Tanlac Built Him Up
Was So Run Down He Lost
Lots of Time From Work

"No, sir, I wasn't much surprised," said August P. Newman, of Greenfield Ave., Milwaukee, Wis., in an interview, recently, "when I got on the scales the other night and found that I had gained twenty-three pounds, for I have been eating like a wolf and picking up ever since I finished my first bottle of Tanlac. A little more than two months ago, Mr. Newman has lived in Milwaukee for nearly forty-five years and is employed as switchman for the Chicago, Milwaukee & St. Paul railroad in the Union Depot yards. He has been in the service of this company for the past fifteen years and is well known, especially, among railroad people.

"Tanalac is certainly the finest medicine going for a person in the shape I was in," he continued. "My stomach had been in a mighty bad way for twelve years, or more, and I was also having trouble with my back and just seemed to be gradually playing out. After a meal—and I always had to be very careful what I ate—I would blow up with gas as tight as a drum and I couldn't bear my belt around me. There were many things I could not eat without just suffering agony afterwards. I also had severe pains in my hips and back, and would get so dizzy sometimes while bending over to turn a switch that I would nearly fall over. My back was also very weak and hurt me so it was all I could do to bend over and throw a switch. Many a time I was in so much misery I could not stay on the job, and I lost lots of time on account of my condition. It would take nearly all my wind, going up and down the box cars and if I had to run a short distance I was all out of breath. I was always so fagged out after a night's work that I would just have to drag myself home.

"But things are altogether different with me now, for I am just like a new man and never miss a night's run. I can now sit down and eat just anything—even pickle and pastries, things I wouldn't dare touch before—without the least trouble afterwards. I used to be so nervous I couldn't rest well, but now I can sleep like a log even while the piano is being played in the next room to me. My back used to ache so bad that I would brace it with pillows while sitting down, but now it's the rarest thing that I ever feel even the slightest pain, and I never have a dizzy spell. Tanlac has put me in first class shape and if anyone doubts this statement just send them to me at the depot during the night or at my home during the day."

TANLAC is sold in Janesville by all leading druggists—Advertisement

ROOSEVELT SONS TO RUN COFFEE HOUSE; IS PURELY BUSINESS

(By Associated Press.)
New York, Nov. 25.—Purely as a business enterprise and not as a political venture, members of the Roosevelt family have associated themselves to conduct in New York a "coffee house," a name reminiscent of the centers of political and literary discussion in earlier days in English history.

The purpose of the company, in which Theodore, Archibald, and Kermit Roosevelt, Dr. Richard Derby, and Philip J. Roosevelt, are directors and for which articles of incorporation were filed at Albany yesterday, is to take over and manage an existing coffee house on the edge of the White Light district. The direct supervision of the establishment will be in the hands of a professional.

"We saw a chance to make some money," said one of the directors, "that's the whole explanation."

Tomorrow will be Thanksgiving Day.

A National Institution, proclaimed a holiday by our President.

Set aside as the time for all mankind to raise its voice in heartfelt words of thanksgiving to a benign Providence.

As Robert Stevenson once wrote,

"The world is so full of numbers of things, I'm sure we all should be happy, as kings"

Excepting that kings these days are not notably happy.

And we should revise the quotation by thought at least—to read—

"As Happy American Citizens"

And so should we render devout thanks to Our Maker for His great and bountiful goodness

And be thankful of the blessings that ours is the privilege of enjoying.

That of living in this Glorious Country, and of the Right and Honor of Claiming the Stars and Stripes as our own—AND OF BEING BLESSED ABOVE ALL OTHERS IN BEING AMERICAN CITIZENS!

Heart and Home Problems

LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE.

Dear Mrs. Thompson: I have read HUGH PLUTIN SALLIE's article and felt that I must write that girl a short letter. Insolent and cheap does not express my thoughts toward her, and I am sure all true-hearted, Christian men do not know that a girl should be with me.

This girl does not seem to know that all men who are looking for a wife want a different type of girl. It matters not what type of man he is, he is always looking for a pure-hearted, clean woman. A girl like HUGH PLUTIN SALLIE is the type that a lower class man enjoys for a short while, but this type of girl is the last to get married to a good man who wants a good woman for a wife. My sympathy goes out to all poor girls who have become so impure as to write such an article as this poor girl did. Some time when it is too late she will regret.

As soon as a man gets with his friends he tells all about what class of girl and what type of girl he is. Every man of his type in town knows all there is to know about her. She does not marry in that town unless some strange man comes along and is in love with her before he learns much about her. When her husband learns he can never respect her as he would have.

You, dear girl, can never get a husband as long as you conduct yourself as you suggest. You are too cheap for a gentleman to want for a wife. Live a clean life now. Some time in your future you will fall down on your knees and cry for mercy if you don't change. A. H. STANLEY.

Thank you for your kind interest in HUGH PLUTIN SALLIE. Your letter will surely open her eyes to the fact that there is a class of men who has overlooked. I hope that your

words will help her; and I know that what you have said will be far reaching and will make many other girls realize the truth.

Dear Mrs. Thompson: How long should a boy go with a girl before he can ask her for a kiss? Would it be all right to speak to a girl I pass on the street every day? She acts as if she would like to speak. Would it be all right to stop and talk to her, and what should I say?

I THANK YOU. The time to kiss does not depend upon the length of an acquaintance, but upon her. When a young man cares enough for a girl to ask her to marry him, then he has a right to kiss her. It is not fair to the girl to ask before.

Convention would say that you should not speak to the girl. I think, however, if she smiles recognition it would be all right for you to lift your hat and pass on. Do not stop her and try to talk until circumstances bring you very close together.

Dear Mrs. Thompson: I am a girl in the second year of high school. I am not very popular in school, but I have many friends and get good grades. Can you give me the reason for this?

To have many friends is to be popular. I think, therefore, that you have no cause to worry. If you are a girl who wants to go places, it is only natural, because you are too young. It is fortunate when a girl does not go out evenings until she is in her junior or senior years.

Continue to work hard for good grades. You will be thankful in later years for the information you acquire now.

Health Talks

By WILLIAM BRADY, M. D.
Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

LEAD POISONING IN PRINTERS

An illuminating study of 109 union printers made under the direction of Dr. L. J. Harris, director of the New York City health department, showed that 40 of the printers, that is 45 percent, had lead poisoning. Of these union printers, more than the average intelligence, with few exceptions were ignorant of the fact that their health was being injured. Here is an illustration of the curious state of affairs which I have so constantly emphasized, namely, that the majority of people are so health ignorant that they do not know enough to realize when they need medical care. Health is with a thing to be gambled with, a thing to experiment upon, much as a little child might play with a priceless book or some other perishable thing.

Of the 109 printers examined, 42 gave a history of obstinate constipation, 22 had abdominal pains or cramps at irregular intervals, seven had recurring attacks of diarrhea, 19 had been annoyed by a metallic taste in the mouth, 22 had pains or weakness of both in arms and legs. These symptoms are suggestive, though not diagnostic of lead poisoning. Chronic mild lead poisoning, by the way, can produce the most varied line of symptoms of any disease we know, unless it is syphilis or hysteria.

Thirty-eight of the 109 printers had tremors. No case of actual paralysis was noted. Nor was the famous blue line at the edge of the retina observed in a single instance. The urine of 89 of these printers was tested for lead, and traces of lead were found present in 49 of them.

Another suggestive observation made by Dr. Harris is that practically all of these printers had been examined by physicians at different times for the treatment of various complaints, but the physician's interest and attention in such cases was usually confined to the patient's present complaint. This experience, Dr. Harris concludes, confirms one in the belief that there are many thousands of persons in the city of New York and in some other industrial communities who are suffering from physical defects or diseases of a more or less serious character, who have no intimation of the state of their health, and who, when they consult their physicians, are studied from a narrow point of view, that is, merely treated for the present complaint.

Well, I'll say there are. But the physicians can't help it. The majority of patients do not thank a physician for side excursions in the interest of their health and longevity when they drop in to get something for just the "indigestion" or whatever the present complaint may be.

The only solution for this is a careful general physical examination made at least annually, and this plan is particularly applicable to those engaged in industrial service involving health hazards.

Hunting Eye Tells the Story of the First Thanksgiving

By R. S. Alexander

"Come in and have dinner. It's Thanksgiving, you know," invited a farmer as Hunting Eye was going by. So the little Indian boy went into the kind farmer's home and was fed on turkey, mince pies, cranberry sauce, and many other wonderful things of which he had never dreamed in the Great North Woods.

"What is Thanksgiving?" he asked his host.

"It is a holiday when everybody eats all sorts of good things."

"How did it come to be called Thanksgiving?"

"Once upon a time all of this country belonged to your people. There were no white people in it. But finally a band of white men and women sailing in a huge canoe came over the Great Water to build new homes here. This voyage took many days. Many of them were sick and discouraged, for the Great Water was between them and their homes. They had not even skins with which to build wigwams. They had to go into the forest and cut

trees from which to build rough cabins.

Many of them died from disease during the winter. Some of them starved. Within three months after they landed more than half of them were in their graves beneath the snow.

"When spring came they plowed the ground and planted it. All the summer they cared for the growing grain and in the autumn they were rewarded by a rich harvest. There was enough for everyone. No danger of starvation during the winter to come. So they set aside a day upon which to give thanks to the Great Spirit of the white men for his kindness in thus providing them."

"From them grew the great people who now live in all this country. And even now they keep this custom."

Every autumn after the harvest is gathered the rules of the nation set aside a day upon which all the people feast of the good things given by the land and give thanks to their Great Spirit for his kindness to them."

Many of them were sick and discouraged, for the Great Water was between them and their homes. They had not even skins with which to build wigwams. They had to go into the forest and cut

WOODCRAFT

Written on a Tree Stump
By Adella Belle Beard

When you are on a hike through the woods, stop and examine the stumps of newly felled trees or the ends of new logs. There is something written on them, something of interest that every outdoor boy or girl should be able to read. It is written in cipher but is easily read once you master the signs.

Look closely at the top of a stump which shows clearly the inside growth of the tree, and you will see that it resembles the drawing given here. There will be its rings, one inside the other, its radiating lines, its band of sapwood and its outer bark, and each of these has its own story to tell.

The rings announce the age of the tree. For every year there is a ring and all you have to do to know how long the tree has been growing, is to count the rings. We are told that we may even find written there which years were damp and rainy, and which were dry, because damp years make a wide ring and dry years a narrow one.

The rings have something to say about the points of the compass too for they are usually wider on the north side. That makes the meeting point of the radiating lines nearest the south side than the north side of the tree, so, as a rule, we may read the longest of these lines as saying: "We are pointing to the North." As with the moss on the trees, however, it is not well to trust entirely to the writing on one single stump; read all you can find, then accept the evidence of the greatest number.

The story the bark tells also has to do with the question, the very important question when you happen to be lost in the woods, of where to look for the north. It answers this by usually growing thicker on the north side of the tree.

When a tree has been sawed off, leaving a level top on the stump, the signs can be more easily seen.

NEW A. P. OPERATOR AT GAZETTE FORMER DELAVAN RESIDENT

A. A. Hagerman, manager of the Western Union telegraph office at Delavan three years ago, has succeeded R. F. Platt recently resigned from the Associated Press to enter a broker's office in Jacksonville, Ill.

Mr. Hagerman left Delavan in 1914 and since that time has been in the employ of the Associated Press, working in newspaper offices in Illinois, Iowa, Oklahoma and Missouri. He and his wife came to Janesville from Davenport, Ia.

18 LOCAL BOYS TO ATTEND SHEBOYGAN "Y" CONFERENCE

Eighteen boys, members of the boys' division of the local Y. M. C. A., will attend the Older Boys' conference at Sheboygan which starts Friday afternoon and continues through Sunday, Nov. 30. The delegation from this city will be in charge of A. C. Preston, boys' work secretary. Plans have been arranged to leave this city at 8 o'clock Friday morning. Those who will make the trip are: Leo Powers, Leon Griffey, Robert Jacobs, Russell Palmer, Elliot Dobson, Robert Bliss, James Gage, George Terwilliger, Francis Crowley, Kenneth Hick, Henry Tall, Robert Grubb, Walton

Lane, Kenneth Venable, Phillip Smith, Lohrer, Tunstead, Earl Jensen, and Kenneth Kober. J. K. Arnet, county "Y" secretary, will leave at the same time with the delegation from the towns and communities outside of the cities of Beloit and Janesville. Thirty-three delegates will compose this group. It is the belief of "Y" workers here that Rock county will have one of the largest delegations at the conference.

The conference is held under the auspices of the state Young Men's Christian association.

Men prominent in athletics as well as "Y" work will address the sessions. Tom Jones, famous track coach at the state university and director of athletics, will speak. Frank Weston, left end on this year's Badger eleven; Allen Davey, quarterback, and Paul Meyers, right end, will attend the Saturday evening session of the conference and make short addresses. "Ted" (Theo.)

F. Schroeder, who was formerly connected with the Milwaukee Y. M. C. A. and during the war a "Y" worker in Austrian prison camps, will relate in detail some of his experiences. Ray Sowers, an ex-marine, who served with the "devil dogs" in France, is also listed to speak. M. H. Y. Cokman, an eastern "Y" worker of note, will be in attendance. During the war he was general secretary of a Y. M. C. A. work conducted at the Great Lakes Naval training station.

Men who are active in the special activities of the Y. M. C. A., such as Hi-Y club work, and boys' work, are listed on the conference program. It is expected that the Janesville delegation will return here Monday morning.

114 Eggs a Day Now Instead of 25 a Day

That Means About \$105 Extra Income Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung in the feed, and am now getting 107 to 114 eggs a day. Mrs. Essie B. Ropp, R. R. 2, Littleton, Ind.

Mrs. Ropp got this increase of 7 dozen a day in the middle of winter. At 60 cents a dozen, 30 days a month, this makes \$105 extra income a month. The Don Sung for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and we'll guarantee it will pay you. Here's the story.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself, we'll pay you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the extra 80 eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burdett-Burgess Co., 219 Columbia Bldg., Indianapolis, Ind.

Well, I'll say there are. But the physicians can't help it. The majority of patients do not thank a physician for side excursions in the interest of their health and longevity when they drop in to get something for just the "indigestion" or whatever the present complaint may be.

The only solution for this is a careful general physical examination made at least annually, and this plan is particularly applicable to those engaged in industrial service involving health hazards.

FRENCH OFFICER TO ADDRESS C. OF C.

Lieut. Vincent de Wierzbicki, French officer and member of the French high commission now visiting in this country will address the members of the local Chamber of Commerce at their next luncheon to be held Monday, Dec. 1, at the Myers hotel, according to announcement made this morning by Manager Wells. Lieut. de Wierzbicki will arrive here Monday morning from Beloit, where he speaks Sunday evening.

Reports received from Milwaukee where several members of the French commission have made addresses indicate that Lieut. de Wierzbicki is the best speaker of the commission.

We Are Thankful

The Sun of Prosperity is Shining upon this glorious land of ours, so let us all give thanks for the good things we have enjoyed since last Thanksgiving day. We probably have thought its rays have been darkened by a little cloud that gathered about us for a moment, but it soon cleared away and we have been left with many things for which we should give thanks.

This store will be closed all day Thursday, reopening again Friday morning with the first showing of Christmas merchandise, ringing up the curtain on a season which leads to more happiness.

We are thankful that our country is in such prosperous condition and hope the rays from that sun which makes for happiness will never cease to shine.

LABOR PARTY ASKS ABOLITION OF SENATE

[BY ASSOCIATED PRESS.]
Chicago, Nov. 26.—Leaders of the newly formed labor party of the United States today began preparations for extending the organization precedent to the second national convention next summer to nominate candidates for president and vice president. The convention adjourned last night after completing organization and adopting a platform of 32 planks.

Quick Way to Whiten Discolored Teeth

While the cleansing of the teeth seems fairly well assured by regular use of the tooth brush, by no means is it dependent upon to maintain the whiteness and lustre of the enamel. This is easily and well appreciated by thousands of particular men and women who, in spite of the liberal use of various tooth brushes, pastes and liquids, seem unable to remove the tinge of yellow or gray from the front of their teeth, or black or brownish tinges about the edges. It will be welcome news to all such that every stain and discoloration can be completely and quickly removed by the use of "Oxone-Week Tooth Powder," the discovery of a well-known dentist. If used regularly, the disagreeable tints will not reappear, and the teeth will always have that spotless milky whiteness and sparkling beauty so much admired but so seldom seen. Its effectiveness is all the more remarkable because it is so perfectly harmless. Instead of scratching or eating into the enamel or injuring the gums, it keeps the teeth clean and healthy. Used by the little ones it will do much to prevent children's ailments. Drugists sell Oxone-Week Tooth Powder in convenient packages, with simple directions.

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lory" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Blood Poisoning

Hamlin's Wizard Oil a Safe First Aid Treatment

How often lockjaw and blood poisoning result from the neglect of a slight scratch or little cut! Hamlin's Wizard Oil is a safe and effective first aid treatment. It is a powerful antiseptic and should be applied immediately to wounds of this kind to prevent danger of infection.

It is soothing and healing and quickly drives out pain and inflammation in cases of sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for stiff neck, sore feet, cold sores, canker sores, earache and toothache.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

MOTHERS, DO THIS—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then when you're glad you have a jar of Musterole at hand to give prompt, sure relief, it does not blanch. As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bitten feet and colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50

Organization of branches already have been begun in Illinois, Indiana, Pennsylvania, Oregon, Washington, and other states. Chairman Max Hayes, Cleveland, Robert M. Buck, Chicago, and other leaders said they expect "farmers" and cooperative bodies to join.

Among planks written into the platform at the final session were:

For abolition of the United States senate.

Repeal of the espionage act, with abolition of conscription and secret treaties, and establishment of free speech, press and assemblies.

No compulsory military training. Nationalization of railroads, other national resources and all basic industries.

Adoption of the Plumb plan for the railroads. Organization of a league of workers of all nations and international solidarity, with legislation to protect the workers against foreign made goods until the solidarity can be accomplished.

There were 6,361,502 farms reported at the last decennial census, valued at more than 40 billions of dollars. The 1920 census is expected to show more than 7,000,000 farms.

CHILDREN SPARED IN SHOOTING TRAGEDY

[BY ASSOCIATED PRESS.]
Abernethy, Sask., Nov. 26.—Determined apparently to wipe out the entire family of Mr. and Mrs. Fred Hanson, farmers living near here, J. R. Sullivan, an American visiting at the Hanson home, shot and killed Mr. and Mrs. Hanson, shot and seriously wounded the oldest Hanson boy, lined up the three other Hanson children, to kill them, but then

changed his mind and blew out his own brains. The Hansons came here from Minneapolis.

Details regarding the murder have not been received, but it is thought that Sullivan suddenly became insane. The Hanson boy, who was shot, is reported to be in a critical condition. The other children declared that after Sullivan had lined them against the wall and just before he shot himself, he told them to "get off the place."

SUGAR CAR ROLLS ON, PILES UP ADDED COST

Chicago, Nov. 26.—A carload of sugar originally consigned by the Codelaux Sugar company, Nashville, Tenn., to J. F. Hadesman and company, Chicago, rolled about undelivered for a month, was resold four times, and piled up 4 1/2 cents a pound additional cost to the consumer, according to a statement by R. J. Poole, city food director. Containing 4,350 pounds of sugar, the car moved first to Paducah, Ky., then to Omaha, back to Chicago, and finally to Minneapolis, total charges of \$2,400 piling up against

the carload as it passed from broker to broker, said Mr. Poole. His tabulation was only for the month ending

November 15, he said, and the car, "so far as we know, still is rolling."

CITY LEAGUE MEN IMPROVE AVERAGES STATISTICS SHOW

Slight improvement was shown all around last week in the quality of bowling indulged in by the City League competitors. Twenty-two of the forty Pin Knights bettered their averages, while 15 dropped slightly. The best gain of all was made by Richards who pulled his standing up 11 points. Claussen, who holds the league's best individual one game score at 248, increased his by 10. Cook, second last week in individual standings, increased his average four points and snapped into the lead, while Paulus, last week's headliner, dropped seven points to third position. Lampert increased three points, taking second in the race.

All-League Five.

Paulus, Cook, Lampert, and Cornell still are among the all-league teams of five. Merrick dropping out to sixth, as Nelson rose from sixth to fourth.

As to team standings, Arcade remains at the head of the parade, followed by Samson who climbed from seventh. Five teams were tied for third last week; now three are fighting for that place, the Hub dropping to fourth, while the second and Lawrence Lunch and the Siegle's sticking, while the Gazette dropped to seventh. Paulus, who has been in the lead, is now in the lead, while the Gazette dropped to seventh. Paulus, who has been in the lead, is now in the lead, while the Gazette dropped to seventh.

In high individual games, Claussen jumped to a tie with Paulus for first at 248, showing Cornell out.

ONE PIN DECIDES SAMSON-HUB GAME; GAZETTE TAKES TWO

Only one maple kept the Samsons from taking three straight from The Hub last night in the City League game at the Arcade alleys, while on the other hands only 10 points stopped the Hub from coping two. In the same match, Samson showed some good bowling when by adding up a total of 907 in the second game, they equalled fourth high for a single five-man game in the running. Excitement was tense throughout the contest, with good scores ruling. Hilgers of The Hub was high with 221 and 203, followed by his teammates, Hjorth and Sartell, with 208 each. Hilgers had the best average at 188.

With Kueck rolling 223 and Dickerson 211, the Gazette team took the second pin in the city contest for two out of three. Siegle had high average of 187.

BUCK

Of the STARS AND STRIPES A. E. F.

A YEAR AGO

There wasn't any turkey.
So you didn't need a dressing.
The mince-meat wasn't present.
So you didn't need a pie.
The day was dark and murky.
The weather was distressing.
And it might have been more pleasant
If your roof was not the sky.

The coffee was no thicker
Than the regulation issue,
There wasn't any waiter.
So you didn't have to tip;
You didn't have to bother
When you took the proffered dish, you
Simply complied it, and later
Maybe made a second trip.

You thanked your silent gun for
A safe, if simple, dinner.
You were glad that you were living
To collect a month's back pay.
You knew the booze was done for.
You knew the Yanks were winner—
There was plenty of Thanksgiving
On last Thanksgiving Day!

Ex-Sergei SOL says that maybe tomorrow we'll get some of those turkeys that the home folks went without so that the boys in France could have a real Thanksgiving dinner last year.

ALL JOKING ASIDE

Three and a half million francs, profits on the STARS & STRIPES Babies in France, and intended for French orphans, has been tied up in neat packages with Army red tape and dropped into the U. S. Treasury. Whatever you may think of the fat lady who overcharged you for the "oofs" or the bird who watered the watery vin rouge, if you've got any heart at all you've got a warm spot in it for the kiddies you played with in the billets or picked up and fed along the road.

The treasury has got so much money in it that they had to build an annex. Jeanne and Rose-Marie haven't got anything in their pockets but holes, and some of them haven't even got pockets. Write your Congressman to give the kiddies their money. You meant it for them when you spent it, and they ought to have it.

THEY'RE LEARNING THE POCH-TROT IN BERLIN

Here's a new step for the goose-step.
With the music made in France:
Since you've got to pay the piper,
Jany, won't you join the dance?

Won't you can the Turkey-Trotzky?
Turkey's joints are getting loose;
Try this new step, can the goose-step,
Don't you know it cooked your goose?

ONE OF 'EM GAVE US A HAIR-CUT YESTERDAY

"Beauty," the Canten-Queen, says you oughtn't to blame some of those officers for acting so aristocratic in France, because they know they'd never get another chance.

Buck stands no formations tomorrow. Column dismissed!

DALTON ONE OF CARDS' STARS IS GREAT MAN AT GUARD POSITION

In Meloy Dalton, guard, the Cards are placing great confidence to take a big part in the opening game of the basketball season at the armory here Saturday night. On that date the local champion basketball quintet will take on Laf-A-Lot of Pond du Lac, a team that has not yet lost a game this season.

A short and stocky with a pair of heavy shoulders that dominate his 5 feet 5 inches and give his 160 pounds the appearance of a deadly opponent, Dalton is a fighting bull. Down him—if it can be done; and it requires a bigger man than he—and up he bounces like a rubber ball. The fastest man on the floor can never outlast him; his stamina and endurance are marvelous.

Also Football Star.

Dalton is in the finest trim right now. All fall he has been playing star football at end for the Rockford Grands and went big high. He is at Juneau high school coaching the young athletes there.

Motsey will look good to old fans of the Cards game. He played with the locals in 1914-15-16 when the Lakotas went two seasons without a defeat. His heady work and dogged guarding helped make his reputation which the team now enjoys.

Prior to that he was on the Janesville high school basketball quintet in 1910-11-12. Then he went to Carroll college where he made the football and basketball teams. Later he drifted over to Dubuque and made the big teams there.

This will be Dalton's first season since he went to war shortly after the United States entered. Despite the fact that he fought in every one of the major campaigns, he is in fine condition. In fact the life in the army has hardened him even more than he was. Motsey enjoys the distinction of having been a member of the American Armistice Mission and with that unit followed closely after the retreating Germans after the signing of the Armistice. He is among the very first of the Allies to enter Berlin. He was in the service for 17 months.

Langford-Thompson Bout Stopped Because of Stalling

Duluth, Nov. 25.—Sam Langford and Jack Thompson were stopped by the referee in the sixth round of a scheduled ten round bout because neither made an effort to box.

TENSE SAMSON GAME WON BY TEST MEN

With only one point deciding the first game, and 30 pins each of the other two, the Test Department grabbed two from the Millwrights in the Samson league tournament at the West Side alleys last night. That lone pin would have given Test three straight, but—it didn't. Had the match been decided by total pins, the testers would have come out ahead by only one pin of wood.

In the two other matches of the night, Cost & Time captured all three from Model "D" Assembly with ease and the DuPont waiters had little difficulty in winning two from the Traffic Department.

Hand of Traffic held right of way with 210 high for the night, led by Hoffman of Cost & Time with 197.

"Y" ALL-STARS PLAY H. S. BOYS SATURDAY

The "Y" All-Stars will make their first appearance on the basketball court this season Saturday night when they will meet Hager's Junior High school team at the Y. M. C. A. Both teams have been practicing constantly for the past week. A good scrap is promised.

In their line-up the Stars will pick from Fulmer, center; Graft, Babcock, and Bick, forwards; Zahn, Graesslin, Marko and Prox, guards. The high school boys have Ambrose, Smith, Hager, Raubacher, Sullivan, Powers, Newman, and two more Smiths.

Chicago, Nov. 26.—Paul Meyers, one of the greatest ends in Wisconsin football history, who closed his college career last Saturday in the Chicago game, will play left end for the Hammond All-Stars tomorrow in the game against Jim Thorpe's Canton Bulldogs at the Class park. The Chicago player is in good condition and should be a tower of strength to the Hoosier eleven.

White swings a deadly left hook though he has a mighty right that no opponent ever wanted to get in contact with.

Special bricks for Thanksgiving. Order early.

A few copies of the New World Atlas can be obtained at the Gazette office at 25 cents per copy.

CHANDLER SIX Famous For Its Marvelous Motor

Why Women Love to Drive the Chandler

THOUSANDS of women drive the Chandler Six, and love to drive it because it is so easy to handle, so responsive, so dependable and so marked in good style.

Many women are driving their own new Chandler coupes this Fall. The Coupe is their car for all seasons—snug and cozy in rain or snow or wind, and open as a roadster when the sunshine is warm and soft breezes blow. Luxuriously comfortable at all times.

Chandler closed cars, because they so clearly express the very best of the coach-maker's art and skill and because they are so fairly priced, will be over-sold throughout the season. Your early order may save you disappointment.

GRAIN

Chicago Review. Chicago, Nov. 26.—Pre-holiday adjustment of trunks tended to keep the corn market from any pronounced swing today either up or down. Bearish reports from Iowa as to likelihood of increased shipments from rural sources had but little effect, and neither did a sharp decline in Argentine wool rates. The readiness with which offerings here were absorbed constituted the chief stimulus to buyers.

Opening prices, which ranged from the same as yesterday's finish to 5¢ lower, with December \$1.32 to \$1.33½ and May \$1.28½ to \$1.29½, were followed by a moderate further sag and then rallied all around oats, like corn, were confined within narrow limits. After opening unchanged to 5¢ lower, including May \$1.25½, the market eased a little more and then recovered. Provisions reflected the weakness of hog values. Selling, however, was not aggressive.

FINANCE

Wall Street Review. New York, Nov. 26.—The stock market's reactionary trend became more pronounced this morning, with greater activity as prices yielded. Lacking more definite reason, the increased pressure was ascribed to pessimistic reports dealing with foreign financial conditions. The market was especially weak, falling 10 points, and Pierce-Arrow lost 7. General Motors recovered part of its loss, only to drop lower than before. A few stocks stood out for their comparative strength, but soon forfeited their gains, rails also becoming heavy. Moderate rallies succeeded the opening rate of 7 percent for call money.

Irregular price changes at the outset of today's stock market session indicated renewed selling for both accounts. The strongest issues of the previous day, notably the motors, oils, equipments and shipings, were 1 to 5 points down. Active steels were moderately lower and copra continued to reflect unfavorable trade conditions. The reaction made further headway within the first half hour. General Motors extending its decline to 10 points.

Recoveries at noon among such leaders as General Motors, Pierce-Arrow, Crucible Steel and Baldwin Locomotive extended from 2 to 5 points. These were again cancelled for the most part, however, and oils also developed increased heaviness.

Liberty Bonds. New York, Nov. 26.—4½s 100.02; first 4s 94.20; second 4s 97.74; first 4½s 94.30; second 4½s 92.02; third 4½s 94.12; fourth 4½s 92.04; Victory 3½s 99.12; Victory 4½s 95.12.

Ten Towns Captured in Three Days by Bolsheviks

[BY ASSOCIATED PRESS.] London, Nov. 26.—General Denikin's army in southern Russia is retreating. The Bolsheviks have captured 10 towns in three days, according to a wireless dispatch from Moscow. Bolshevik troops are entering Ukraine, the dispatch says. Admiral Kolchak's forces in Central Siberia are retiring rapidly, according to the dispatch, and the Reds have reached a point 87 miles east of Omsk.

Italian Ambassador, Soap Maker, Pugilist, Arrive

[BY ASSOCIATED PRESS.] New York, Nov. 26.—Baron Romano Avezzana, newly appointed Italian ambassador to Washington, arrived here from Southampton today on the steamship Mauretania. Lord Leverhulme soap manufacturer, and one of the largest employers of labor in Great Britain, was another passenger. Lord Leverhulme is to address the December meeting of the Boston Chamber of Commerce and also is expected to make a study of the New England fishing industry. Fred Fulton, heavyweight pugilist, also returned on the Mauretania.

The CHENEY

Queen Anne Period Model

The cabinet work of The Cheney is exquisite—the work of the finest furniture craftsman in the country. The Queen Anne model illustrated below is 49 inches high, 26 inches wide. Metal parts finished in rich gold, equipped with two reproducers for playing all records. Automatic stop; efficient, silent electric motor.

FUNDAMENTALLY different from ordinary phonographs, The Cheney makes an addition to the home that is of ever increasing pleasure and value. For the longer you own a Cheney the sweeter its tones become, just as an old violin surpasses a new, untried one.

The very acoustic principles of the violin which give it its purity and serenity of tone have been incorporated in The Cheney. Thus, The Cheney becomes more prized the longer you own it, and unlike any other phonograph:

"The Longer You Play It
The Sweeter It Grows"

To really appreciate Cheney Tones you should hear them. A piano record, one of the most difficult tests of a phonograph, sounds like a piano on The Cheney. Orchestral records have not only all of the vim and zest of the music but the very color and timbre of tones that you would hear if you listened to the orchestra itself.

Vocal records have color, quality, and richness ordinarily lost in a reproduction. Best of all, The Cheney places all the music of the world in your home—it plays all records.

Hear it if you would really appreciate what Cheney inventions have contributed to tone reproduction. Basic patents protect Cheney improvements—they have no imitations.

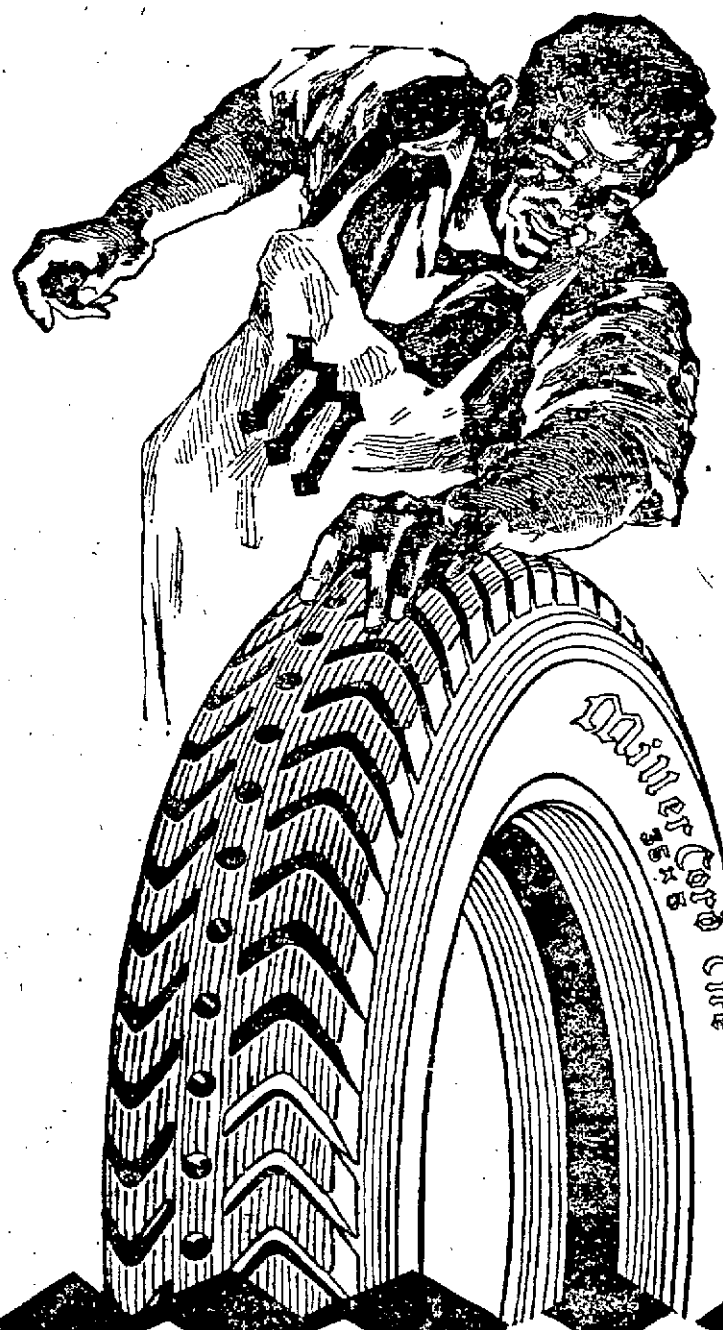

Regular Models, priced \$85 to \$365.
Console Art Models, \$325 to \$600.

ON passenger and commercial cars, competing against every leading make, Millers prove lowest in cost per mile.

Millers have proved their case, not by the unusual mileage of one or two tires. Each is a long distance runner. Casing after casing these tires have out-run all standard mileage guarantees.

All Wear Alike

Only by building every one the same has Miller produced tires that wear alike under the same conditions. Each, regardless of the mileage run, is guaranteed against defects in workmanship and materials.

Besides giving you uniform long distance mileage, you get the famous Geared-to-the-Road Tread. This cog-like tread gives you positive traction on wet roads and pavements and prevents spinning and slipping.

Put Millers to the Test

Drive up or call up, and have a pair of the tires put on your car. Then keep careful record of the mileage. That's all we ask!
